للسيراميك

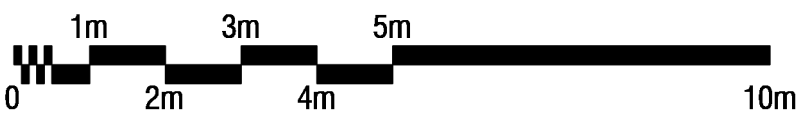

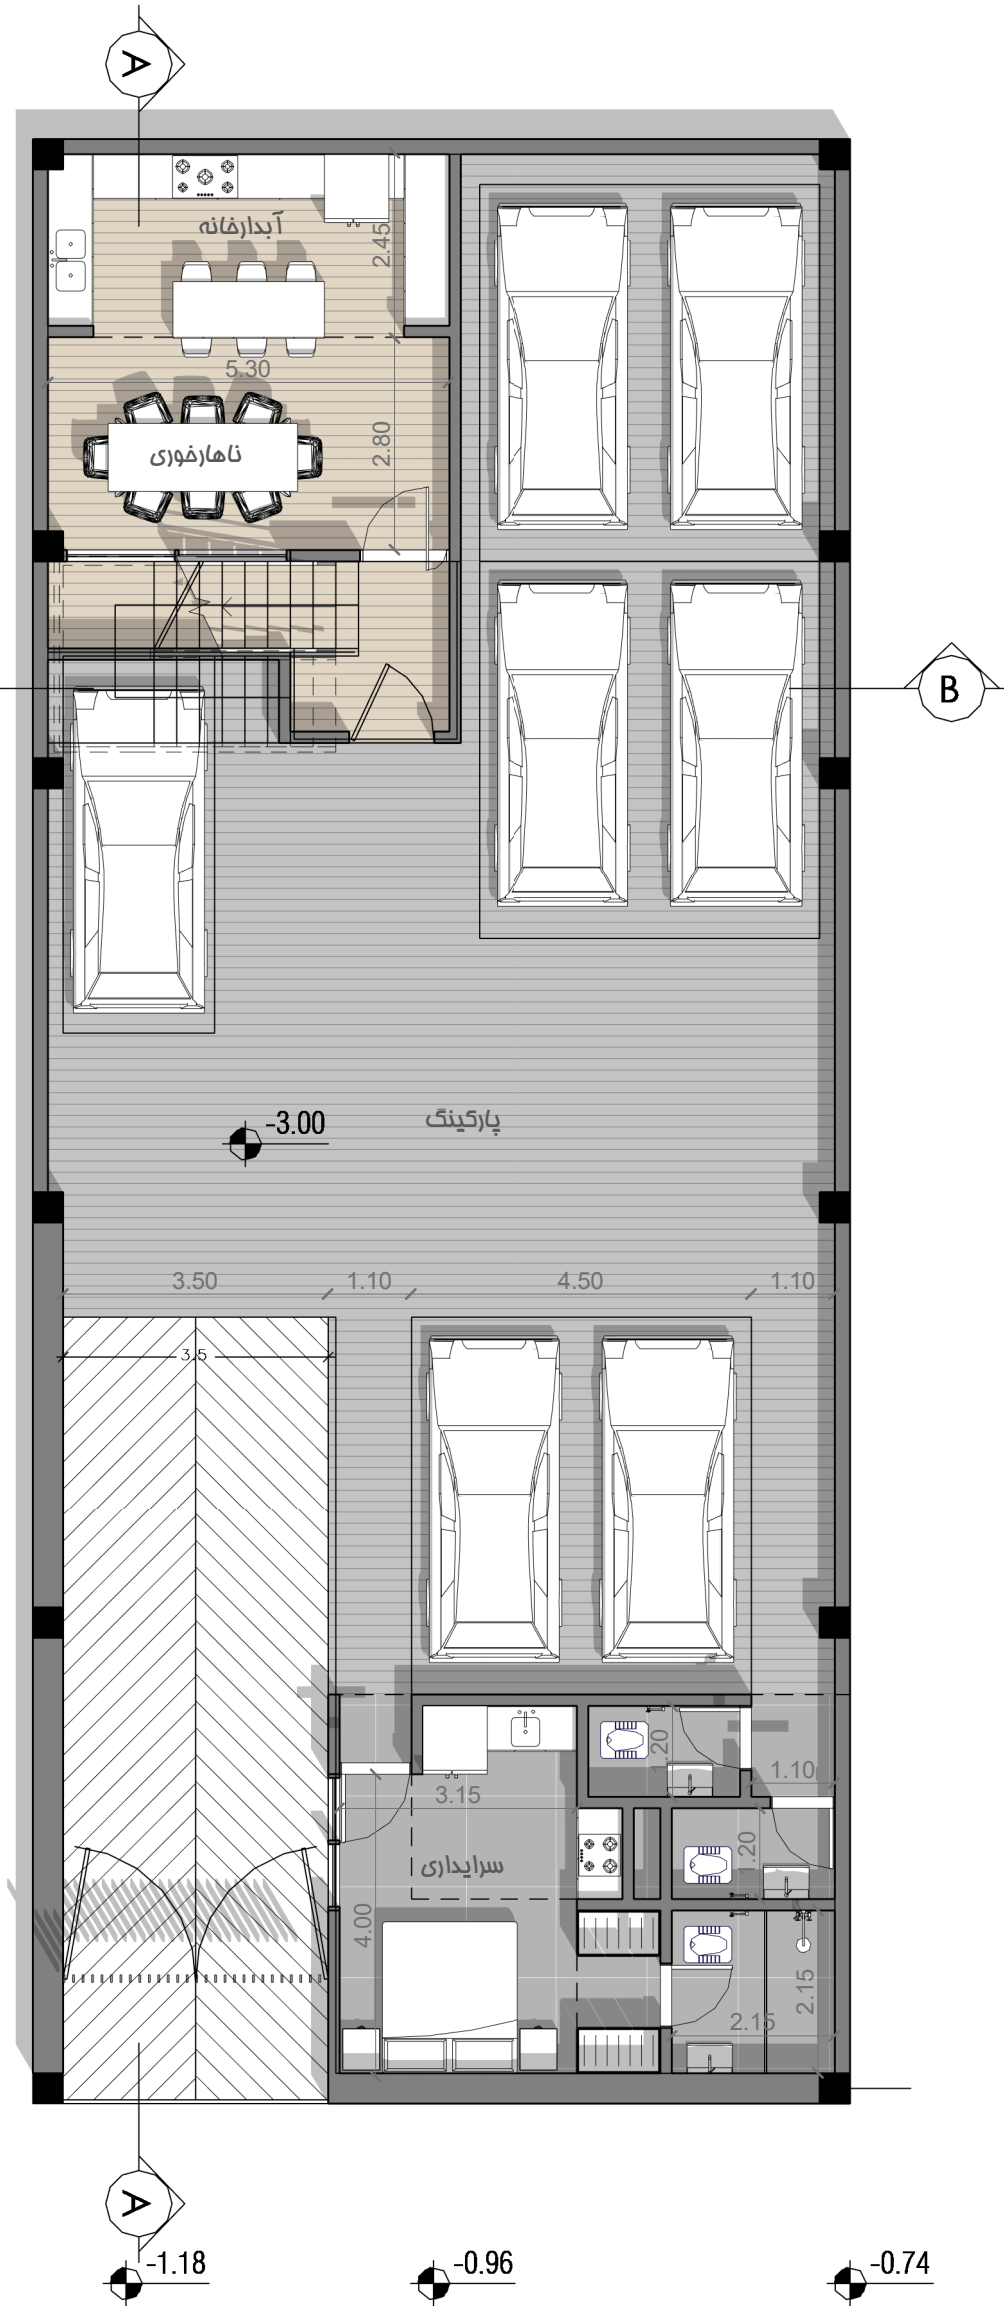

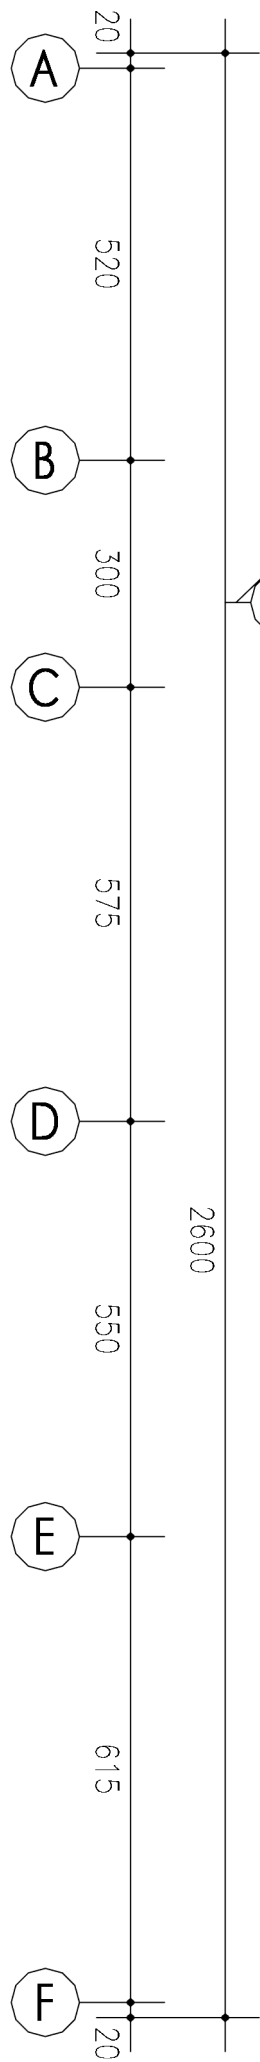

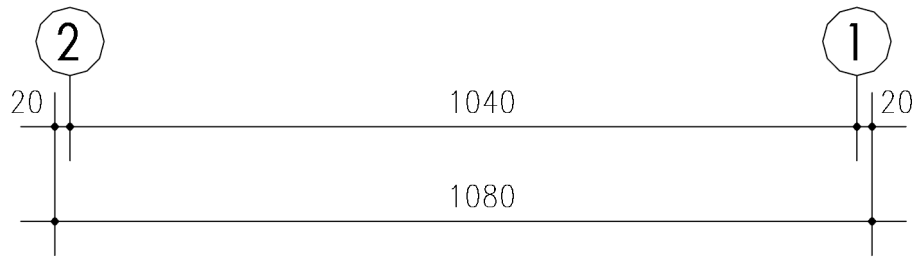

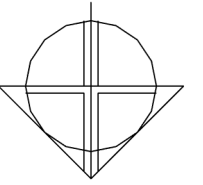

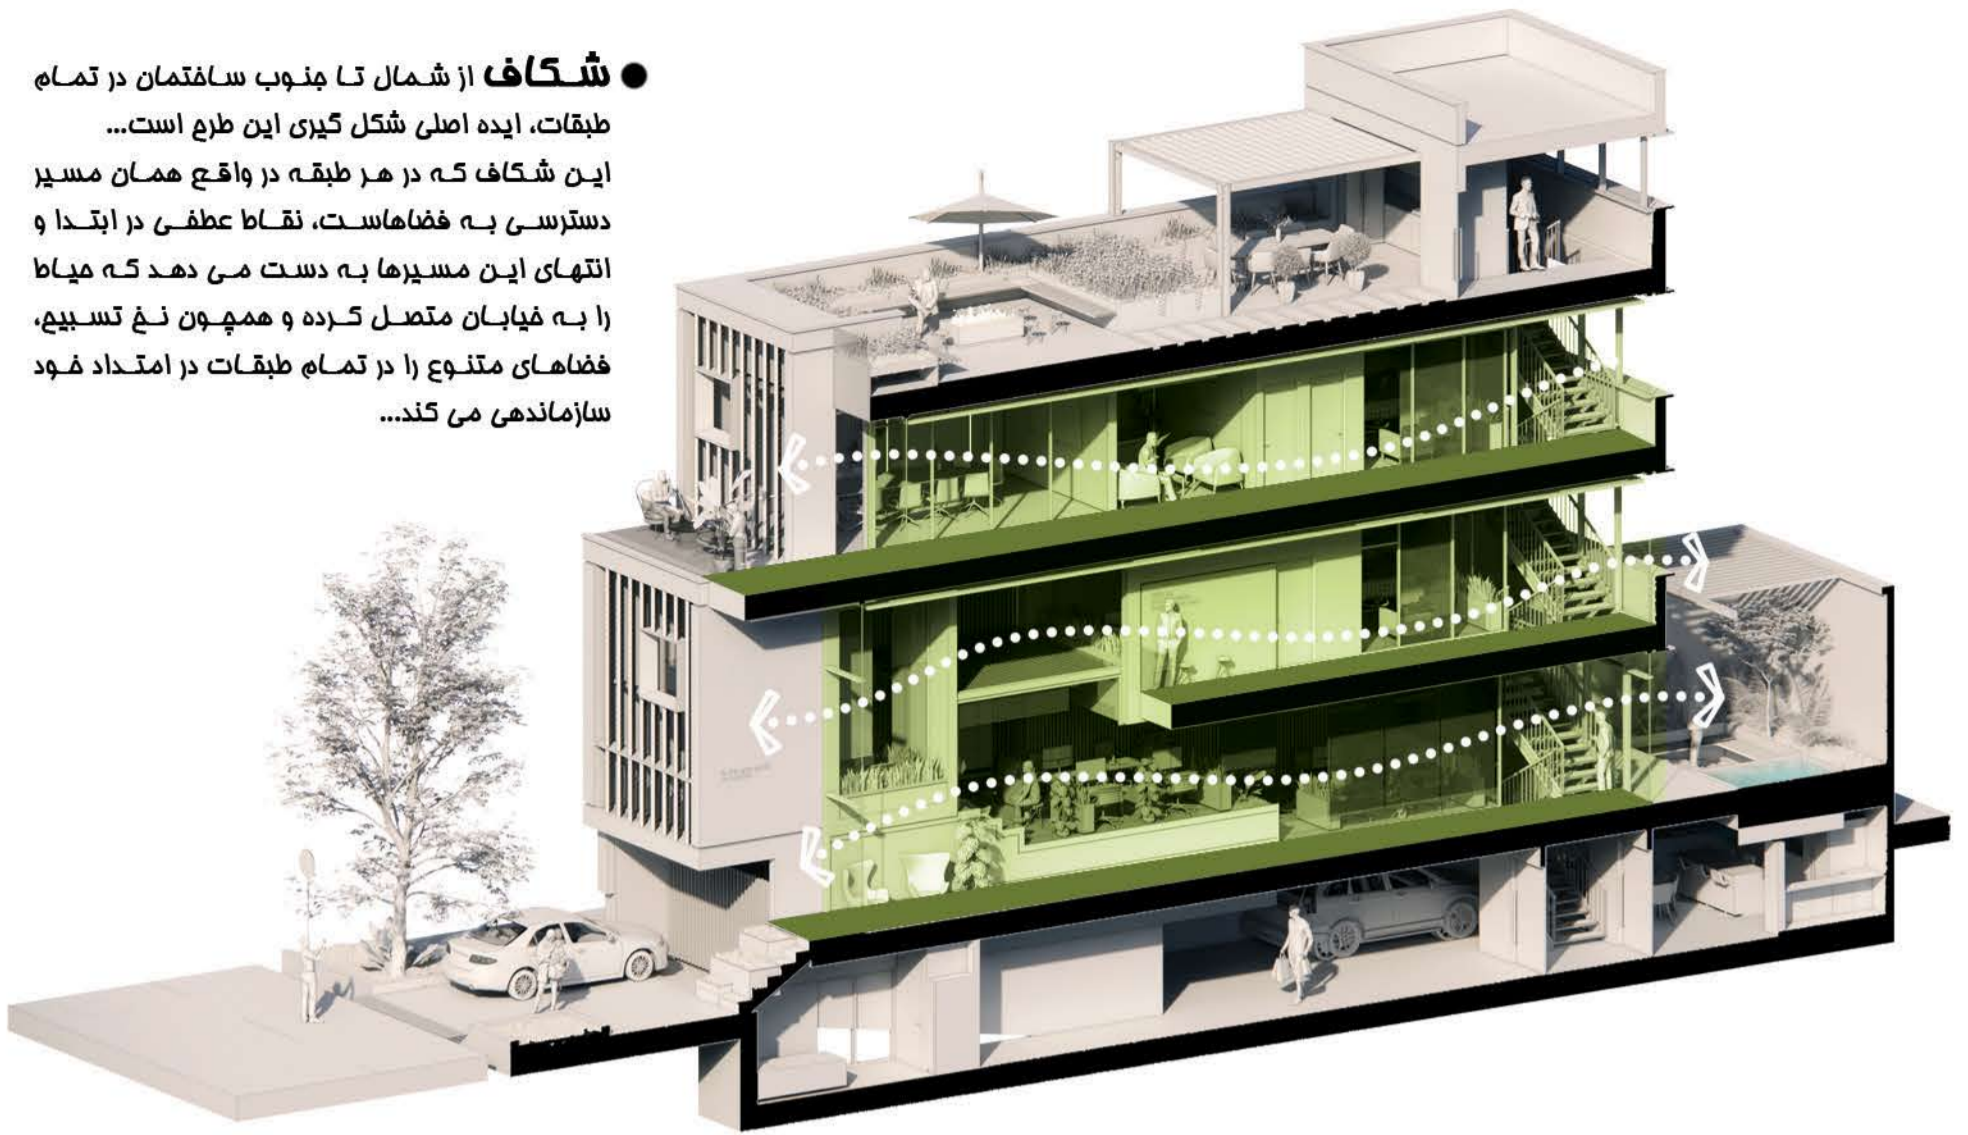

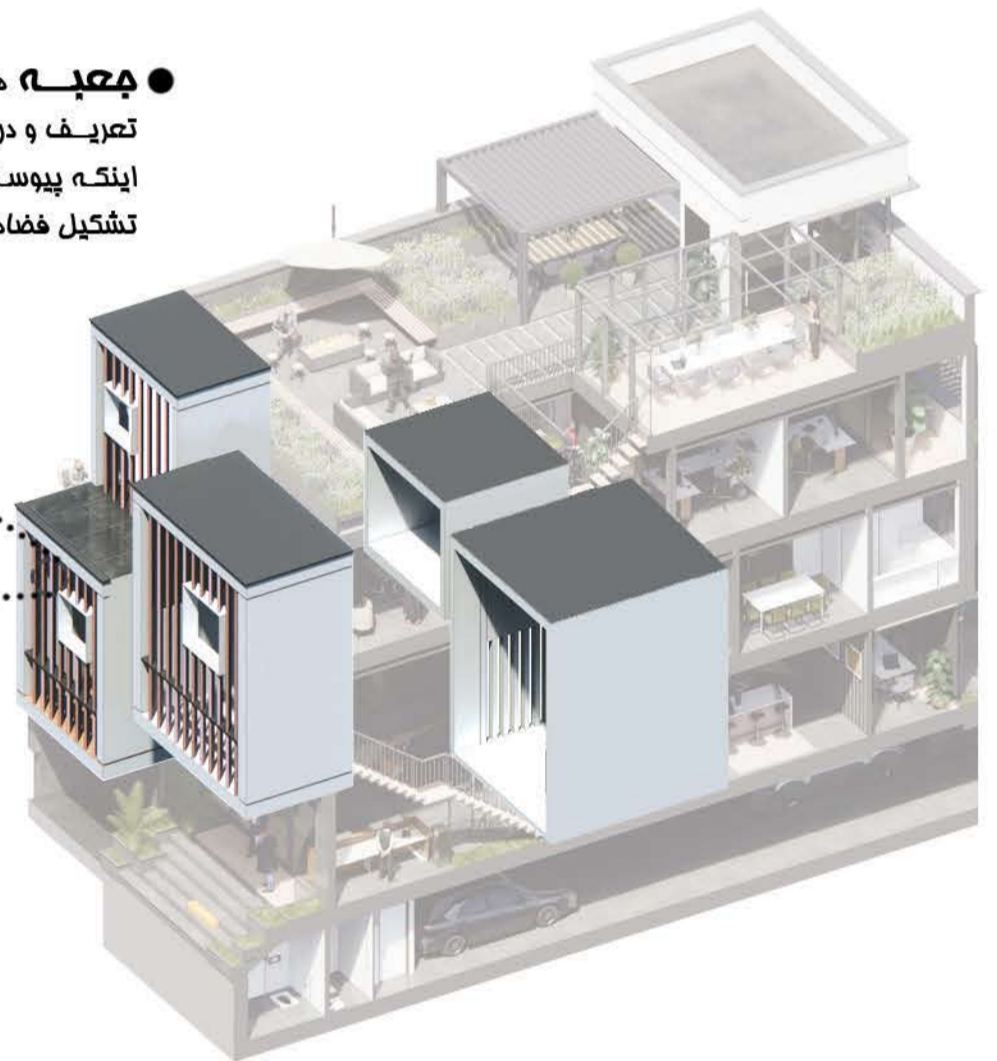

**● شکاف** از شمال تا جنوب ساختمان در تمام

طبقات، ایده اصلی شکل گیری این طرح است...  
این شکاف که در هر طبقه در واقع همان مسیر دسترسی به فضاهاست، نقاط عطفی در ابتدا و انتهای این مسیرها به دست می دهد که میاها را به فیابان متصل کرده و همچون نخ تسبیح، فضاهای متنوع را در تمام طبقات در امتداد خود سازماندهی می کند...

**● مجله** هایی که فضاهای مختلف را

تعریف و در خود جای می دهد، در عین اینکه پیوستگی و سیالیت فضا را حفظ و از تشکیل فضاهای بسته جلوگیری می کند...

**● پره** هایی از جنس سرامیک برند

RAK (مونوکالر) که با استفاده از میلگردهای میانی، با Base plate به بدنه سازه متصل می شود...  
سرامیک این لوورها می تواند با آپدیت محصولات شرکت، قابلیت تعویض و تغییر داشته باشد...
